

Region 3 GPRA Baseline RCRA Corrective Action Facility

Carpenter Co., Richmond Plant

2400 Jefferson Davis Hwy
Richmond, VA 23234
Congressional District 1
EPA ID #: VAD003109444
Last Updated: 6/30/08

Current Progress at the Site

This is a new site to the RCRA Corrective Action program. Region 3, with its State partners, is in the process of conducting site visits at new sites, not previously evaluated. After the site visit, the facility will be assigned a project manager to initiate corrective action activities, as necessary, to ensure protection of human health and the environment.

Site Description

The Carpenter Company manufacturing facility currently occupies approximately 23 acres south of downtown Richmond and southwest of the James River, and it is encompassed within the city limits of Richmond, Virginia. The Carpenter Company is a manufacturer of polyurethane foam, processed polyester fiber, and many other types of related products. Carpenter has three primary processes at their facility: the polyurethane flexible foam line; a continuous bonded foam line; and, a chemical blending division. The manufacturing facilities have approximately 300 employees, and cover about 750,000 square feet.

Site Responsibility

To be determined.

Institutional Controls

To be determined.
